

LAWRENCE EQUIPMENT

LAWRENCE AG EQUIPMENT

Effective January 1, 2012 – LAWRENCE COMPANIES is combining both brands into a new location with 30,000 square feet of space to better serve your needs. We will have a much larger parts warehouse and the shop will be able to handle any size repairs when the building modifications are complete.

Our new location is 221 Old River Road, Bridgewater, VA 22812

We will have the same familiar faces you have grown used to and we will make sure you have better service than ever before!

The Waynesboro location will still be open – BUT – it will be used primarily as an order and drop-off point for parts. The parts stocked at this location will be consumables only and all other parts will be brought to Waynesboro twice per day as requested. Late morning/mid-day and every evening a person will bring parts to the Waynesboro store for pickup. We also have the ability to ship parts to any location by UPS or US mail.

We know this may not be as convenient for some as in the past, but we hope that the change will allow us to stock more parts and be able to serve you better. The mechanics will still come to your location for repairs and machines can still be brought to Waynesboro for service or repairs. The Bridgewater location will just be an added location. Roanoke and Ashland will not be making any changes and are other options for our customers.

Thank you for your understanding and feel free to call us if you have any questions!

Toll free 877-466-1131

Local 540-515-9670

Fax 540-515-9671

An email contact for parts ordering or service scheduling is something new and we will be able to get these requests as soon as they are sent. Go to our website – www.lawrenceequipment.net and you may fill out a request for parts/service, etc. We'll be in touch after hearing from you!

Our website also has links to Case and CaseIH parts books for your online usage.
